

# Connecticut Society of Eye Physicians NY State Ophthalmological Society

Virtual Scientific CME Regional Meeting  
**June 10 & 12, 2021**

- **World Class Faculty**
- **Dynamic & Relevant Lecture Topics**
- **Innovation**
- **Artificial Intelligence**

EDWARD LIM, M.D.  
MODERATOR

*Over 500 Ophthalmologists attending*

**Exhibitor Prospectus**

VINCENT DELUISE, M.D.  
MODERATOR

**Register Today**

**Exhibit Rooms & Product Theaters Available**

# CSEP SPONSOR/EXHIBITOR OPPORTUNITIES

## Platinum Sponsor

**Cost: \$10,000** (plus 6.35% CT sales tax \$635) **if signed contract is received by May 12, 2021.**

**\$11,000** (plus 6.35% CT sales tax \$698.50) **if contract or payment is received after May 12, 2021.**

Platinum level recognition in CSEP e-communications, final program, during conference and website (including logo).

- 1 Product Theater Talk (45 minute Product Theater)
- A booth in virtual exhibit hall with primary placement with up to three representatives
- Full page advertisement in the CSEP newsletter
- 2 approved targeted email blasts to CSEP membership
- Logo, link and description on CSEP website (max 200 words)
- Banner ad on virtual platform
- 6 representative registrations

## Gold Sponsor

**Cost: \$5,000.00** (plus 6.35% CT sales tax \$317.50) **if signed contract is received by May 12, 2021..**

**\$6,000.00** (plus 6.35% CT sales tax \$381) **if contract or payment is received May 12, 2021.**

Gold level recognition in CSEP e-communications, final program, during conference and website (including logo).

- Product Theater (15 minutes)
- A booth in virtual exhibit hall with primary placement with up to three representatives
- Half page advertisement in the CSEP newsletter
- 2 approved targeted email blasts to CSEP membership
- Logo and description on CSEP website (max 150 words)
- Banner ad on virtual platform
- 3 representative registrations

## Silver Sponsor

**Cost: \$1,500.50** (plus 6.35% CT sales tax \$95.28) **if signed contract is received by May 12, 2021.**

**\$1,795.50** (plus 6.35% CT sales tax \$114.01) **if contract or payment is received after May 12, 2021.**

Silver level recognition in CSEP e-communications, final program, during conference and website (including logo).

- A booth in virtual exhibit hall with primary placement with up to one representative
- Quarter page advertisement in the CSEP newsletter
- Logo and description on CSEP website (max 100 words)
- Banner ad on virtual platform
- 1 representative registration

## LOGO AND ADVERTISEMENT ONLY

**Logo and Advertisement only - \$1,050** (plus 6.35% CT sales tax \$66.68) with Link.

Exhibitor recognition in CSEP e-communications, final program, website (including logo).

- Logo and line with description on CSEP website (max 75words)

\*\*Instead of membership, you may choose to e-blast conference attendees. You may also choose a direct mailer instead of sending an e-blast, either to membership or conference attendee.

THURSDAY, JUNE 10, 2021

VIRTUAL SESSION SCHEDULE

5:30 pm Visit any of the Vendor rooms to have a FREE 3M V-flex N95 Model 1804 Mask sent to you

6:00 pm Introductions – Vincent deLuise, Moderator

WELCOME SPONSORED BY 

6:15 pm **Managing Glaucoma with Novel Netarsudil**  
by Richard A. Lewis MD

6:30 pm **Myths in Glaucoma: My Own Perspective & A Unique Case**  
by James C. Tsai, M.D. & Levon Djenderedjian, M.D.

Objectives: 1. Understand common myths in glaucoma care 2. Identify strategies to enhance diagnosis and treatment in glaucoma patients

7:00 pm **IOL Exchange Tips and Tricks**  
by Gregory Ogawa, M.D. & Samuel Masket, M.D.

Objectives: Upon completion of this course the participants should be able to: 1. List the most common causes for intraocular lens dislocation 2. Relate the principle modalities of intraocular lens fixation 3. Identify the importance of vitreous removal during Intraocular lens exchange and reposition

7:40 PM

DINNER BREAK SPONSORED BY

**Clinical benefits and safety of DEXTENZA®**  
**Facility experience and DEXTENZA360™ services** by I. Paul Singh, M.D.

Visit Exhibit Hall for Door Prizes

**8:20 pm Neurotrophic Keropathy: Diagnosis and Management in 2021**  
*by Masih U. Ahmed, M.D.*

*Objectives: 1. Understanding pathophysiology and etiology of neurotrophic keratitis 2. Evaluation of the treatment modalities currently available 3. Update on the latest developments*

**Dessert & Chocolate Sponsored by Alcon** A Novartis Division

**8:45 pm Vivity Vibe Exchange**  
*by Jeffrey Horn, M.D.*

**9:30 pm Visit any of the Vendor rooms to have a FREE 3M V-flex N95 Model 1804 Mask sent to you**

**ZOOM ROOM Exhibitors**

 <small>A Member of the Roche Group</small>			
			 <small>Our pursuit. Life's potential.™</small>

The Connecticut Society of Eye Physicians designates this educational activity for a maximum of 7.0 AMA PRA Category I Credit(s)™.

Physicians should only claim credit commensurate with the extent of their participation in the activity.

The Connecticut Society of Eye Physicians is accredited by the Connecticut State Medical Society to sponsor continuing medical education for physicians.

*For questions contact Debbie Osborn at: [debbieosborn36@yahoo.com](mailto:debbieosborn36@yahoo.com)*

**SATURDAY, JUNE 12, 2021**

**MODERATOR ED LIM, MD**

**8:00 am Treatment of Advanced Keratoconus - What you didn't know: CAIRS, CACXL, DALK**  
**by Dr. Soosan Jacob, MS, DNB, FRCS (Glasg), MNAMS, FERC**

*Objectives: 1. Treating advanced keratoconus with minimally invasive surgery 2. Learning about Corneal Allogenic Intrastromal Ring Segments (CAIRS) - a form of allogenic ring implants implanted at mid-stromal cornea into channels or under flaps 3. Learning about Contact Lens Assisted CXL for cross-linking thin corneas 4. DALK - techniques and complications - a quick overview*

**Jonathan Trobe, M.D. Neuro Ophthalmology Robert Lesser, M. D.**

**8:45 am Third, Fourth and Sixth Nerve Palsies: A Taste of Each Flavor - *Herbst Lecture***  
**– Jonathan Trobe, M.D.**

*Objectives: 1. To bring listeners up to date on the causes and management of ocular motor palsies 2. To alert listeners to the manifestations of perceptual disorders and their diagnosis.*

**9:15 am Seeing But Not Recognizing – Jonathan Trobe, M.D.**

*Objective: 1. To suggest how ophthalmologists can improve patient care by honing their interactions with other medical specialists.*

**9:45 am Non-organic Visual Loss – Robert Lesser, M.D.**

*Objectives: 1. To understand how to test for non-organic disease 2. To review terminology 3. To learn how to counsel patients with non-organic disease*

**10:15 am Tackling Iris Repair**  
**by Gregory Ogawa, M.D.**

*Objectives: Upon completion of this course the participants should be able to: 1. Select the locations of iris sphincter dysfunction based on iris examination 2. Identify common knots for intraocular suture tying 3. Relate methods for repair of congenital iris coloboma repair*

10:45 am  
11:15 am

**How Artificial Intelligence is used for IOL Power Selection  
The Toric IOL: What You Need to Know**

**by Warren Hill, M.D.**

*Objective: Using this approach for the toric IOL, the attendee should be able to anticipate a residual refractive astigmatism of  $\leq 0.50$  D for 90% of cases.*

*Objective: Understand the difference between IOL power selection methods using Gaussian mathematics and artificial intelligence.*

11:45 am

**Making Complex Cornea Ridiculously Simple**  
**by Deepinder K. Dhaliwal M.D., L.Ac**

*Objectives: 1. Differentiate between corneal dendrites secondary to HSV, VZV, and ACA 2. Simplify history and exam of "dry eye" patients and determine etiology 3. Understand approach to infectious keratitis in contact lens wearers*

**LUNCH BREAK SPONSORED BY REGENERON**

12:15 pm

**Proven Outcomes in the Treatment of Diabetic Macular Edema & Diabetic Retinopathy**  
**by Elias Reichel, M.D.**

1:00 pm

**The Oxervate Experience** **by Christopher J. Rapuano**  
**Objective: Explore the Breakthrough Therapy for Neurotrophic Keratitis**

1:15pm

**Uveitis Management in 2021**  
**by Sunil Srivastava, M.D.**

*Objective: To review the challenges of caring for uveitis patients and how the pandemic modified our care for these patients*

2:15 pm Visit Exhibitor ZOOM ROOMS for Door Prizes and Certificates

## Speaker Bios

### **Masih Ahmed, M.D.**

Dr. Ahmed is an assistant professor of ophthalmology at the Cullen Eye Institute, Baylor College of Medicine. His clinical interests include complex and refractive cataract surgery. He also specializes in the treatment of corneal diseases such as dry eye, keratoconus, corneal infections and corneal transplantation. He is a dedicated clinician educator who enjoys working with residents and fellows.

Dr. Ahmed is a native of West Virginia, having obtained his medical degree from West Virginia University. He completed his residency in Ophthalmology at West Virginia University, where he served as chief resident. He followed this with a fellowship in Cornea, External Disease and Refractive Surgery at the Cullen Eye Institute at Baylor College of Medicine (BCM) in Houston.

### **Deepinder K. Dhaliwal M.D., L.Ac**

Deepinder K. Dhaliwal, MD, L.Ac, is a professor of ophthalmology at the University of Pittsburgh School of Medicine, director of Refractive Surgery and the director of the Cornea Service at the UPMC Eye Center. Dr. Dhaliwal also serves as the director of the UPMC Laser Vision Center, the associate medical director of the Campbell Ophthalmic Microbiology Laboratory and has recently been appointed as the co-director of the Corneal Stem Cell Task Force at the University of Pittsburgh. She also serves as Vice Chair for Communication and Wellness in the department of ophthalmology.

Dr. Dhaliwal earned her medical degree from Northwestern University, and completed her residency in ophthalmology at the University of Pittsburgh Medical Center. She completed a fellowship in cornea and refractive surgery at the University of Utah. She became a licensed acupuncturist in 2006 and founded the Center for Integrative Eye Care at the University of Pittsburgh to systematically research alternative treatments for eye disease.

Dr. Dhaliwal holds leadership positions in the Cornea Society, the International Society of Refractive Surgery of the American Academy of Ophthalmology, and the Eye and Contact Lens Association/CLAO. Dr. Dhaliwal is a recognized expert in her field and teaches corneal and refractive surgical techniques to other ophthalmologists globally. In addition to teaching and research activities, she has authored several book chapters, numerous journal articles, and serves on the editorial board of several ophthalmology journals. In recognition of her clinical and surgical skills, she has been selected as a "Top Doctor" by her peers every year since 2006.

**Levon Djenderedjian, M.D.** is currently a glaucoma fellow at New York Eye and Ear Infirmary of Mount Sinai. Residency at SUNY Downstate in Brooklyn.

### **Warren Hill, M.D.**

Dr. Hill has been the Medical Director of East Valley Ophthalmology in Mesa, Arizona for the past 24 years, specializing in consultative ophthalmology, challenging anterior segment surgery for other ophthalmologists, intraocular lens power calculations and diagnostic ophthalmic ultra-sonography. Dr. Hill completed BS and BA undergraduate degrees at the University of Maryland, received his Doctor of Medicine from the University of Arizona College of Medicine, completed two years of internal medicine training at Good Samaritan Medical Center in Phoenix, Arizona and three years of ophthalmology training at the University of Rochester, in Rochester, New York. He is certified in general ophthalmology by the American Board of Ophthalmology and has subspecialty certification in anterior segment surgery by the American Board of Eye Surgery. Dr. Hill is also a member of the International Intra-Ocular Implant Club, a Fellow of the American College of Surgeons, the American Academy of Ophthalmology, the International College of Surgeons and the American College of Eye Surgeons. In 1995, 1996, 1998, 2002 and again in 2004 Dr. Hill was voted a "Top Doc" in the specialty of ophthalmology by medical peers in Phoenix Magazine. In 2005 and 2006 Dr. Hill was voted "One of the Top 50 Opinion Leaders in Cataract and Refractive Surgery" by the readership of Cataract and Refractive Surgery Today.

### **Jeffrey D. Horn, M.D.**

Dr. Jeffrey D. Horn is certified by the American Board of Ophthalmology. Dr. Horn earned his undergraduate and medical degree from The State University of New York at Stony Brook, graduating Summa Cum Laude. He further honed his skills by completing his residency at Northwestern University and fellowship at UC San Diego. His continued commitment to education led him to Nashville, Tennessee where he served as an Assistant Professor in the Department of Ophthalmology and Visual Sciences at Vanderbilt University Medical Center.

In 2005 Dr. Horn founded Vision for Life because of his deep interest in medicine and caring for people. This combination has elevated Dr. Horn to be among the nation's premiere ophthalmologists. Dr. Horn specializes in advanced cataract care and eye surgery, LASIK, vision correction and treatment for a variety of eye conditions. Dr. Horn is renowned for his achievements and educational leadership. He has been selected as one of the top 300 leading innovators in the field of refractive cataract surgery, as well as peer nominated in 2018 amongst the "Best Eye Surgeons in America" amongst many other awards and accreditations.

Dr. Horn has grown Vision for Life into one of the largest ophthalmology practices in the region. Through this growth, Dr. Horn and staff have maintained their "patient first" mentality. Vision for Life uses state of the art technology to match each patient's individual need.

"The patient experience is the single most important focus of Vision for Life. I want my patients to feel like they are at home and not like a number. It's all about putting patients at ease with warmth, compassion and following through with great results".

### **Soosan Jacob, MS, DNB, FRCS (Glasg), MNAMS, FERC**

Dr. Jacob is Director and Chief of Dr. Agarwal's Refractive and Cornea Foundation (DARCF) and Orbit & Oculoplasty in Dr. Agarwal's Eye Hospital, Chennai, India. She is a gold medalist in Ophthalmology and has won many (40) international awards for her innovative techniques and video films at prestigious international conferences. In addition she is a two-time recipient of the prestigious Golden Apple award for Most Outstanding Case in Complications and Challenging Cases Symposium in Cataract Surgery at the American Society of Cataract and Refractive Surgery (2008-2010). Dr. Jacob was the first to bring out the concept of Anterior segment transplantation which was featured in all major newspapers and on India Today as one of the Top 10 Medical Breakthroughs in 2009. She is now working on Allogenic Presbyopic implants as a new technique for decreasing spectacle independence for presbyopes.

Dr. Jacob has authored numerous peer reviewed publications (76) as well as more than 188 chapters in 29 textbooks by international and national publishers and is also the editor for 15 textbooks in Ophthalmology.

### **Robert Lesser, M.D.**

Dr. Lesser obtained his medical degree from Weill Cornell University Medical College and his Bachelor of Science degree from Queens College, City University of New York. He completed his ophthalmology residency at Yale University in the Department of Ophthalmology and Visual Science and did additional training in Neuro-Ophthalmology at the Bascom Palmer Eye Institute. He is a Clinical Professor of Ophthalmology and Visual Science and Neurology at Yale and Clinical Professor of Neurology and Neurosurgery at the University of Connecticut School of Medicine.

Dr. Lesser was on the editorial board of the Journal of Neuro-Ophthalmology and is the former Chief of Neuro-Ophthalmology at Yale. He is a recipient of the American Academy of Ophthalmology Honor and Senior Honor Awards. He has received the Excellence in Clinical Teaching Award from the

Department of Ophthalmology and Visual Science at Yale on four separate occasions. He is a fellow of the North American Neuro-Ophthalmology Society, the American Academy of Ophthalmology and former president of Yale Alumni in Ophthalmology.

#### **Richard A. Lewis, M.D.**

Dr. Lewis is the former director of glaucoma at the University of California, Davis. He is actively involved in clinical research in national and international trials for glaucoma therapy as well as the Journal of Glaucoma, Video Journal of Ophthalmology, and Ocular Surgery News. He is the co-founder of Sacramento's Capital City Surgery Center and Sacramento Eye Consultants.

Dr. Lewis received his doctorate in medicine from Northwestern University Medical School in Chicago. He completed his residency at the Department of Ophthalmology, University of California, Davis, and a Glaucoma fellowship at the University of Iowa. He is a Diplomat of the American Board of Ophthalmology and the National Board of Medical Examiners. Dr. Lewis is past President of the American Glaucoma Society and past President of the American Society of Cataract and Refractive Surgeons.

Dr. Lewis published numerous articles in glaucoma, ophthalmic surgery, and ophthalmic pharmacology in The Archives of Ophthalmology, Ophthalmology, and The American Journal of Ophthalmology. He is a co-author of the book, Curbsides in Glaucoma. Dr. Lewis teaches and lectures extensively on glaucoma and cataract surgery and is the recipient of the American Academy of Ophthalmology Honor and Senior Honor Awards for his contributions in teaching and leadership and for initiating the AAO Subspecialty Day meeting.

#### **Samuel Masket, M.D.**

Dr. Masket is Clinical Professor of Ophthalmology, Geffen School of Medicine, UCLA and founding partner of Advanced Vision Care in Los Angeles. He has served on the Board of Trustees of the American Academy of Ophthalmology and is past president of the American Society of Cataract and Refractive Surgery. He has served as an Associate Examiner for the American Board of Ophthalmology. Dr. Masket has published well in excess of 100 peer reviewed articles and 2 textbooks, he serves on the Editorial Board of several medical journals, and is the Consultation Section editor emeritus of the Journal of Cataract and Refractive Surgery. He has been an invited guest surgeon and given numerous named lectures globally. He presented the 1998 Binkhorst Medal Lecture and the 2013 Kelman Memorial Lecture at annual meetings of the AAO, and more recently, lectures named for close colleagues, Dick Lindstrom and the late Alan Crandall.

Currently Dr. Masket is Chair of AAO Senior Ophthalmologist Committee. His clinical and research interests relate to complex cataract and lens-based surgery. He holds US and European patents for IOL design related to Pseudophakic Dysphotopsia.

In 2013, Dr. Masket embarked on a new venture, establishing the Samuel and Barbara Masket Foundation. Its missions are to provide anterior segment eye surgical care for the underserved, to train fellows, and support clinical research. Patient care was initiated in 2015.

#### **Gregory Ogawa, M.D.**

Dr. Ogawa specializes in complex anterior segment, cornea and cataract surgery at Eye Associates of New Mexico. The group has over 50 eye doctors and 13 clinic locations. He is the Medical Administrative Officer at EANM, an Associate Clinical Professor at the University of New Mexico, and a Medical Director of the New Mexico Lions Eye Bank. Dr. Ogawa completed his undergraduate studies at Carleton College in Minnesota; Medical School at the University of Rochester, in Rochester, NY; Residency at the Medical College of Wisconsin, in Milwaukee; and Cornea fellowship at the Wilmer Eye Institute, in Baltimore. He teaches nationally as a visiting professor and at major ophthalmologic meetings as well as locally at the University of New Mexico. He serves on the ASCRS Challenging and Complicated Cataract Surgery Subcommittee. His other academic activities include presentations at meetings, developing surgical techniques and instruments, authoring peer reviewed publications and book chapters.

#### **Christopher J. Rapuano, MD**

Dr. Rapuano was born and raised in New Jersey. He went to college at Brown University, medical school at Columbia University College of Physicians & Surgeons, did an internship in internal medicine at Mount Auburn Hospital and completed his residency in ophthalmology at Wills Eye Hospital. He then did a corneal fellowship with Dr. Jay Krachmer at the University of Iowa.

Dr. Rapuano joined the Cornea Service at Wills Eye Hospital in 1991. He was in private practice based at Wills Eye for many years but joined the full time Wills Eye Hospital academic staff in 2018. He became a Professor of Ophthalmology at the Sydney Albert Medical College at Thomas Jefferson University in 2001 and the Chief of the Wills Eye Cornea Service in 2009. He has been on the Medical Advisory Board of the Lions Eye Bank of Delaware Valley since 1992. Dr. Rapuano is a nationally and internationally recognized expert in corneal diseases. He has published several books, numerous book chapters and over 250 articles in the peer-reviewed literature on corneal diseases, refractive surgery and excimer laser PTK surgery. During his ophthalmology residency, Dr. Rapuano co-authored a best-selling textbook in ophthalmology, The Wills Eye Manual, which is currently in its 7th edition. He is also the series editor for the Wills Eye Color Atlas Series, which is in its 3rd edition. He is a member of the American Ophthalmological Society; his thesis involved outcomes of excimer laser PTK in patients with corneal stromal dystrophies.

Dr. Rapuano has served on many committees of the American Academy of Ophthalmology, including chairing the Cornea Preferred Practice Patterns Committee. He is currently the AAO's Senior Secretary for Clinical Education and serves on the Board of Trustees of the AAO. He received the Achievement Award, Senior Achievement Award, Life Achievement Honor Award and Secretariat Award (four times) from the AAO. He is on the editorial boards of several peer-reviewed ophthalmology journals including Cornea, AJO Case Reports, Eye and Contact Lens and was the Editor-in-Chief of the Yearbook of Ophthalmology for over a decade. He was the Scientific Program Chair (2003-2007) and president of the Cornea Society (2014-2015). He held a series of leadership positions at the Wills Eye Hospital Alumni Society (2009-2018).

He has 4 children and lives with his wife in the Philadelphia suburbs. He is dual citizen of France and enjoys traveling, hiking, skiing and reading.

#### **I. Paul Singh, M.D.**

Dr. I. Paul Singh, a Wisconsin native, is the President of The Eye Centers of Racine & Kenosha, Ltd., founded in 1981 by his father, Dr. Kanwar A. Singh. He was a chief resident and completed his residency at Cook County Hospital - Division of Ophthalmology, and his internship at Michael Reese Hospital - Department of Medicine, both in Chicago, Illinois. He graduated from Finch University of Health Sciences/The Chicago Medical School in 1999. His undergraduate education was completed at Washington University in St. Louis, with a B.A. in Biology and Psychology. He completed his fellowship in Glaucoma at Duke University before returning back to his hometown where he has been in private practice since 2004.

Throughout his ophthalmology career, Dr. Singh has been involved with clinical research programs and has published papers in several ophthalmology journals. He has also presented his research at various national meetings and universities around the world. He maintains a full time research facility and currently is involved in industry sponsored and independent research programs in the areas of glaucoma, cataract, ocular surface disease, and retina.

He has a strong passion for new technology. He was the first surgeon in Wisconsin to perform many of the minimally invasive glaucoma surgeries (MIGS), such as the iStent, Supra, Hydrus, and goniotomy using the Kahook Dual Blade. He is the first to use newer in-office YAG lasers to remove visually significant floaters (YAG Vireolysis) and has helped to develop the protocol for this procedure. Recently, he was instrumental in bringing laser assisted

cataract surgery to the area.

He is a speaker, consultant, and research advisor for a number of leading ophthalmic companies. Through research, Dr. Paul has been instrumental in helping to bring a number of novel treatment options to market.

Although Dr. Paul is an ophthalmologist by profession, he is also a musician at heart. He is a founding member of the band, Funkadesi, which mixes Indo-Afro-Caribbean styles of music. The focus of the band is to bridge cultures and educate others on tolerance and understanding through music. The band tours the world spreading the message “one family, many children.”

#### **Sunil Srivastava, M.D.**

Dr. Srivastava did his Fellowship at Duke University Medical Center Vitreo-retinal Surgery Durham, NC USA and in 2005 completed another fellowship at the National Institutes of Health Uveitis/Medical Retina Bethesda, MD USA. His ophthalmology residency was done at - Emory University Hospitals and School of Medicine Ophthalmology Atlanta, GA USA. Dr. Srivastava completed his Internship at Saint Vincent's Hospital and Medical Center Internal Medicine, New York, NY USA and attended Medical School at the State University of New York at Buffalo School of Medicine, Buffalo, NY USA, graduating in 1999. He completed his undergraduate training at Cornell University Ithaca, NY USA in 1994. Dr. Srivastava is currently a staff physician at the Cole Eye Institute Cleveland Clinic, in Cleveland, OH.

#### **Jonathan D. Trobe, M.D.**

Professor of Ophthalmology and Neurology University of Michigan

I was born in Pittsburgh, Pennsylvania (USA) in 1943. At age 4, I moved with my family to Europe, where my father directed services to Holocaust survivors. I attended international schools in Vienna, Geneva, Rome, and Paris, graduating from high school in 1960. In that year, I returned to the USA to attend Harvard College and Harvard Medical School, where I graduated in 1968. After a 1-year internship in internal medicine at Rush Presbyterian Medical School in Chicago, I began a 3-year residency in ophthalmology at the Wills Eye Institute in Philadelphia, where I served as chief resident in my final year.

From 1972 to 1974, I served as a major in the United States Air Force at Andrews Air Force Base, Washington, DC. With a plan to become a corneal surgeon, I entered a fellowship in corneal disease at the University of Florida. After serving on the faculty there for two years, I decided instead to become a neuroophthalmologist, doing a fellowship in that field at the University of Miami. In 1977, I returned to the University of Florida to direct the neuro-ophthalmology service. In 1983, I gave up my faculty position to complete a residency in neurology at the University of Miami.

After completing the neurology residency in 1986, I accepted a faculty position with joint appointments in ophthalmology and neurology at the University of Michigan, where I have been for 30 years. I am board-certified in ophthalmology and neurology. I have first-authored or co-authored over 150 peer-reviewed journal articles, first-authored or co-authored eight books, including *The Physician's Guide to Eye Care* (American Academy of Ophthalmology), *The Field Guide to the Eyes* (Lippincott); *The Neurology of Vision* (Oxford), *Clinical Decisions in Neuro-Ophthalmology* (Mosby), and *Rapid Diagnosis in Neuro-Ophthalmology* (Elsevier). I am the author of an online and mobile app program called *The Eyes Have It*. I am associate editor for ophthalmology of the online general medical resource called *Up To Date* and associate editor for neuro-ophthalmology of the online neurology resource called *Medlink Neurology*.

I served as editor of *The Journal of Neuro-Ophthalmology*, the official journal of the North American Neuro-Ophthalmology Society, from 2001 to 2010.

#### **James C. Tsai, MD, MBA, FACS**

Dr. Tsai serves as President of New York Eye and Ear Infirmary of Mount Sinai (NYEE), the nation's first and longest operating specialty hospital, as well as System Chair of the Department of Ophthalmology at the Icahn School of Medicine at Mount Sinai (ISMMS) and Mount Sinai Health System. In addition, he is the inaugural Delafield-Rodgers Professor of Ophthalmology at ISMMS. Prior to joining Mount Sinai, Tsai served as the inaugural Robert R. Young Professor and Chair of the Department of Ophthalmology and Visual Science at Yale University School of Medicine and Chief of Ophthalmology at Yale-New Haven Hospital. Prior to his Yale faculty appointment, he directed the glaucoma division at the Edward S. Harkness Eye Institute, Columbia University College of Physicians and Surgeons. Author of more than 100 peer-reviewed scientific publications and over 80 additional articles, chapters, and textbooks, including the *Oxford American Handbook of Ophthalmology and Medical Management of Glaucoma (4 editions)*, Tsai has served as editorial board member for 9 medical journals and manuscript reviewer for over 100 additional scientific journals.

<b>1</b> Name (as shown on your income tax return). Name is required on this line; do not leave this line blank. <div style="text-align: center; font-weight: bold; font-size: 1.2em;">Connecticut Society of Eye Physicians</div>	
<b>2</b> Business name/disregarded entity name, if different from above	
<b>3</b> Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only <b>one</b> of the following seven boxes.	<b>4</b> Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):  Exempt payee code (if any) _____  Exemption from FATCA reporting code (if any) _____  <i>(Applies to accounts maintained outside the U.S.)</i>
<input type="checkbox"/> Individual/sole proprietor or single-member LLC  <input checked="" type="checkbox"/> C Corporation <input type="checkbox"/> S Corporation <input type="checkbox"/> Partnership <input type="checkbox"/> Trust/estate  <input type="checkbox"/> Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶ _____ <b>Note:</b> Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is <b>not</b> disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.  <input type="checkbox"/> Other (see instructions) ▶	
<b>5</b> Address (number, street, and apt. or suite no.) See instructions. <div style="text-align: center; font-weight: bold; font-size: 1.2em;">26 Sally Burr Road</div>	Requester's name and address (optional)
<b>6</b> City, state, and ZIP code <div style="text-align: center; font-weight: bold; font-size: 1.2em;">Litchfield, CT 06790</div>	
<b>7</b> List account number(s) here (optional)	

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

**Note:** If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

<b>Social security number</b>

**Part II Certification**

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
- I am a U.S. citizen or other U.S. person (defined below); and
- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to [www.irs.gov/FormW9](http://www.irs.gov/FormW9).

**Purpose of Form**

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

*If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.*
